# Why McCarthy's?

At McCarthy's Home Services we pride ourselves on doing a great job for the homeowners we work with. We are homeowners as well. We know it is very difficult to find dependable, trustworthy, and quality people to do good, honest work at an affordable price. That is why we started this business, for you. The busy schedules that both parents have—with your children's schooling, sporting events, work related activities; just to name a few. You don't have time to worry about cleaning your home. That is why McCarthy's Home Services is here to help.

*Darren & Trina McCarthy, Owners*

## Franchise Cleaning

I know that you have seen them—the franchise cleaning companies going into your neighbors home, or maybe into your home. They show up with different people all of the time to do the same job; almost like a revolving door. They charge more to do the same job, because of that high franchise fee they have to pay. Also the owner of any of these franchises probably never had to clean a job themselves. They buy the companies information and get their companies up and running. Never having to learn the hard way.

## Independent Cleaners

We all know someone with a cleaning lady they have had for years. Unfortunately these days you don't know who you are actually getting. Does she carry all of the proper insurances to cover you in case something happens? What if she breaks that expensive object—can she pay to replace it? Does she have Workers Compensation coverage in case she gets hurt on the job? Has she ran a criminal background

check on herself and given you a copy? What if she steals your jewelry—will she turn it in on her bond that she probably doesn't have.

## McCarthy's Home Services

You work hard at your career, your family, and your life. That doesn't mean that you don't deserve a little help now and then. At McCarthy's Home Services we treat our customers with the respect they deserve, because we expect that from businesses we deal with. We know that we would not be in business if it was not for our customers; and therefore, we do the best job that we can for you—each time. We are state licensed; we carry liability insurance, BWC; we carry a janitorial bond on our employees; we run criminal background checks on all of our employees.
